In conclusion, Roblox is not only a highly addictive game but an educational one as

well. It is easy to see why so many kids love to play this game! ROBLOX offers a large variety of games for many different audiences. It also has an excellent system for users to generate custom content so anyone can have their dream game. All in all, this is a great game that everyone should try at least once.

I downloaded Robloxian Life from the App Store (it is free). After creating my character, I found myself in an unfamiliar location. There were trees everywhere! No sidewalks or buildings to view through my character's eyes. I began to look around for landmarks so I could find my house. Soon, I found it. An old abandoned house; the perfect place for me to live and work in the game! There were no other houses around, so I thought this one was mine! It wasn't long after my character had moved in that another player decided to move into my house. They didn't like my treehouse. They wanted to build a new house where there were trees and nobody could see inside. I thought it was a great idea! The next day, they created a new building and started working on an addition to the house themselves. Soon enough, our houses were completely different from each other; each one had its own unique features and decorations. After a couple days, I decided as the "host" of both houses that I wanted to make them look alike. I bought my friend's house and used the money to buy some items and paint to change his house into mine. The next day I was playing Robloxian Life, only to find out that my new house had been destroyed by one of my friends during the night. He asked me why I had changed his home. He said he liked his original house better than mine. Somehow, he managed to get at my items and destroy everything I had built in one night. I had no choice but to remove him from the game. I never really wanted to keep the house he destroyed, so I got it demolished and sold.

ROBLOX has also been criticised for lacking any kind of quality assurance for its games. There have been many issues with the quality of some games and many users have complained that their game descriptions are not accurate. The site is also frustratingly inconsistent in the manner it deals with things like this, often banning users who complain about bugs and glitches within their games but not actually banning anyone who commits an illegal act, such as copying someone else's game and selling it without permission.

In July 2021, Roblox had allegedly banned several high-profile creators due to the fact they made violent games. Although Roblox claims users were banned "due to improper behaviour" nothing has been proven yet. The situation is occurring in many forums and websites. In July 2021, ROBLOX put out a statement saying that they did not ban any creators, but instead were involved in a legal dispute with the people who claimed to have been banned.[82] They later said that anyone who was banned for making offensive content was "part of an organized effort by bad actors to scam our users. We have no tolerance for this behavior and weâ€™re doing everything we can to protect our community." [83]
